25X1 * [] Comment. These observations confirm information by several sources that during the period from 8 to 12 May 1952, the artillery brigade of the IXXIX Ktz Rifle Corps moved from Altengrabe to Rostock and was quartered in the Putlitz Kaserne. The strength of the troops reported stationed in the installation approximately corresponds to the T/O of the brigade carried here and rectifies the information previously supplied by other sources on the troops stationed in Rostock. [] Centries [] mentioned

25X1 25X1 [] that there is some affiliation of the brigade with the Infanterie 25X1
